## **WHITE MOUNTAIN SCHOOL ADMINISTRATIVE UNIT #35**

**(BETHLEHEM, LAFAYETTE,  
LANDAFF, LISBON, PROFILE)**

All schools within SAU #35 have been inspected for the presence of asbestos-containing materials. The condition of these materials will be reviewed every six months until they have been removed from the building.

Written plans have been developed for managing these materials while they remain in place. These plans have been submitted to the designated contact for the State of New Hampshire at the State Department of Education.

Section 763:93 (g) (4) of the Asbestos Hazard Emergency Response Act of 1986 requires notification of the availability of the management plans to all parents, teachers, and employees. Copies of these plans are on file in each office and are available for review during normal business hours.
